January - March 2011
CHAIN Quarterly report for Kensington and Chelsea
1st January to 31st March 2011

Contents

Outreach Work

1) Rough sleeping
People seen by outreach or building based (BBS) teams in the quarter - rough sleeping or contacted either on the streets or in services

2) Rough sleeping volume
People seen rough sleeping by number of bedded down contacts during the quarter

3) Nationality of rough sleepers
People seen rough sleeping by outreach or BBS teams during the quarter

4) People contacted by month
People seen rough sleeping by outreach or building based (BBS) teams by month

5) No booking into accommodation events
People contacted in the quarter with no accommodation events (booking or referrals) by any outreach or BBS team, by total number of street contacts recorded on CHAIN

6) Accommodation and reconnection events (Outreach)
Outreach accommodation (bookings and referrals) and reconnection events achieved in the quarter by type of accommodation

Wider street population

7) Street activity
Street population (people who rough sleep and/or engage in a street lifestyle) contacted by outreach who fall into one or more of the street activity categories on CHAIN

Hostels, assessment centres, rolling shelters and second stage accommodation

8) Arrivals
Temporary accommodation arrivals by accommodation project and source of referral.

9) Departures - destination on departure
Departure actions by destination on departure

Support needs, institutional history and wider street population

10) Support needs
People contacted by outreach or BBS teams and/or arriving in accommodation in the quarter by support needs

11) Experience of armed forces, care or prison
People contacted by outreach or BBS teams and/or arriving in accommodation in the quarter by experience of the armed forces, care or prison
CHAIN Quarterly report for Kensington & Chelsea

Outreach Work

1) Rough sleeping

People seen by outreach or building based (BBS) teams in the quarter - rough sleeping or contacted either on the streets or in services

109 verified rough sleepers were contacted by services in Kensington and Chelsea during the quarter. This is a decrease from 114 last quarter and compares to 119 in the same quarter last year.

Of these 109, 55 had a bedded down street contact in the quarter and so were known to have slept rough in Kensington and Chelsea during the quarter. The number sleeping rough this quarter has decreased by 5%.
2) Rough sleeping volume

People seen rough sleeping by number of bedded down contacts during the quarter

Of the 55 people seen rough sleeping this quarter, 25 only had a single bedded down street contact.

Of the 55 people seen bedded down, 4 were from CEE countries and seen only once during the period.

NB CEE nationals often cannot be offered the same service as other people due to benefit restrictions.
3) Nationality of rough sleepers

People seen rough sleeping by outreach or BBS teams during the quarter

</table>

Base: 46

46 (42%) verified rough sleepers contacted across Kensington and Chelsea this quarter have never had a booking in action recorded on CHAIN. This is consistent with previous quarters.

32 of these people have slept rough in the quarter, which is 58% of all people sleeping rough this quarter.

4 (9%) of the people who have never had a booking in action recorded on CHAIN have only ever had one street contact recorded - 10 people (23%) last quarter.

</tbody>
</table>

Outreach and BBS teams across Kensington and Chelsea succeeded in reconnecting or booking into accommodation 12 people, 11% of the 109 people contacted during the quarter.

This is consistent with previous quarters.

7 people had a total of 11 booking in events. This indicates that individuals can be booked into accommodation (the same type or different) more than once in the quarter.

2 people were booked into long-term accommodation. This is consistent with previous periods.

5 people were booked into hostel accommodation. This is consistent with previous quarters.

Outreach and BBS teams across Kensington and Chelsea achieved a confirmed reconnection with 6 people they contacted this quarter. This is 6% of the people contacted by outreach or BBS teams this quarter.

7 advised and confirmed reconnection events were recorded by outreach and BBS teams for verified rough sleepers this quarter. In addition, teams recorded 0 such actions for the wider street population (people not seen sleeping rough).

* These events are excluded from the total. Referral to hostel is a speculative referral to a hostel, confirmation of which leads to a booking in action being recorded.
7) Street activity

Street population (people who rough sleep and/or engage in a street lifestyle) contacted by outreach who fall into one or more of the street activity categories on CHAIN

![Bar chart](chart.png)

Base for verified rough sleepers: 43
Base for people not verified as rough sleepers: 1

Of the 109 verified rough sleepers contacted this quarter, 43 (39%) have been assessed as engaging in one or more street activities.

Some of these people contacted this quarter have been seen engaging in more than one type of street activity at some point.

In addition to the 109 verified rough sleepers contacted in the quarter by outreach or BBS teams, 1 person who is considered vulnerable but has not been seen rough sleeping was also contacted.
8) Arrivals

Temporary accommodation arrivals by accommodation project and source of referral.

<table>

</tbody>
</table>

The proportion of people contacted in Kensington and Chelsea with an alcohol, drugs or mental health support need is consistent with the previous two periods.
11) Experience of armed forces, care or prison

People contacted by outreach or BBS teams and/or arriving in accommodation in the quarter by experience of the armed forces, care or prison

Base: 76  Note that the base figure for this graph excludes clients where all 3 institutional histories are not known.

3 people contacted in Kensington and Chelsea this quarter have previously been in the armed forces (4 last quarter).

8 people contacted in Kensington and Chelsea this quarter have previously been in care (8 last quarter).

28 people contacted in Kensington and Chelsea this quarter have previously been in prison (24 last quarter).

It is possible for someone contacted to have previous experience of more than one institution and so be included in more than one of the above figures. 4 people contacted in the year have been in care and prison.

The proportion of people contacted in Kensington and Chelsea with previous experience of the armed forces, care or prison is consistent with the previous two quarters.
