

Walking Group Volunteer

At St Mungo's we provide a bed and support to more than 3,150 people in accommodation each night. As well as accommodation, we also provide a range of services, such as running activities, skills and employment training, and tenancy support, to help people at every stage of their recovery from homelessness. At the heart of all of our services is our commitment for everyone to have a place to call home and fulfil their hopes and ambitions.

A big part of this is encouraging clients to engage with activities, either in the accommodation where they live or through our Recovery Colleges. Activities are often someone's first step towards thinking about their aspirations and going on to access services for employment and learning. As a volunteer supporting clients to take part in activities, you will be doing something simple that makes a really big difference.
