

Ending homelessness.
Rebuilding lives.

Health & Safety Inspections Volunteer

What will I be doing?

As a Health & Safety Inspections volunteer you will:

- Join the health and safety inspection at your service to help ensure that the communal areas are safe and clean
- Tell us what's working well and what could be improved
- Be available and meet with the health and safety team on the day of the inspection
- Spend some time to prepare for the inspection day (this may include reading a document or speaking to the health and safety team)

Where/ When will I be volunteering?

Ad hoc at the service that you are currently residing in.

Up to 2hrs in total – including your preparation before the inspection and the inspection itself.

Do I need to have any specific skills?

- Curiosity and critical thinking
- Attention to detail
- Good communication skills
- Reliability

What's in it for me?

- You help us see what we've missed
- You will be improving the services you and your peers receive
- You'll be getting ready to move on by learning the skills that help you live independently and/or manage your tenancy successfully.

How do I get started?

Contact us at clientinvolvement@mungos.org or on 0203 856 6160 for further support
